OMTECH

POWERING WITH PRECISION

MEP EXPERTS SINCE 2006

Our story of grit and glory

Founded in 2006, Omtech has built its reputation on engineering reliability, technical depth, and disciplined execution. We operate as a single, accountable MEP partner, guiding projects from concept and coordination through execution, commissioning, and long-term system performance.

From large IT parks and corporate campuses to industrial facilities, hospitals, and infrastructure projects, we design and deliver MEP systems that are safe, efficient, compliant, and scalable.

With an in-house manufacturing facility for CPRI-approved panels, cable trays, cable trunking systems, bus bar trunking systems and light fixtures, we deliver MEP projects that meet demanding timelines, budgets, and global safety benchmarks.

LEED Compliance - We meet all guidelines in adherence with LEED.

Vision

To be recognised as global leaders in future ready sustainable infrastructure, with the right people, precision, and processes.

Mission

To be recognised as global leaders in future-ready sustainable infrastructure, with the right people, precision, and processes.

Core Values

Our foundation is built on **Trust**, creating lasting relationships through reliability and accountability in every project. Guided by **Integrity** and strong **Ethical Practices**, we conduct our work with honesty, transparency, and fairness at every level. We follow a **People First** approach, valuing our people, partners, and clients through respect and collaboration, while ensuring **Safety** remains a non-negotiable priority in all our operations. Through strong **Teamwork**, we combine shared expertise to achieve meaningful outcomes, always keeping our **Society Values** in mind by contributing responsibly to communities and supporting sustainable development.

Our core MEP Solutions

- MEP Contracting & Engineering
- Turnkey MEP Execution
- Value Engineering & Lifecycle Strategy
- AMC with In-house Testing Facility

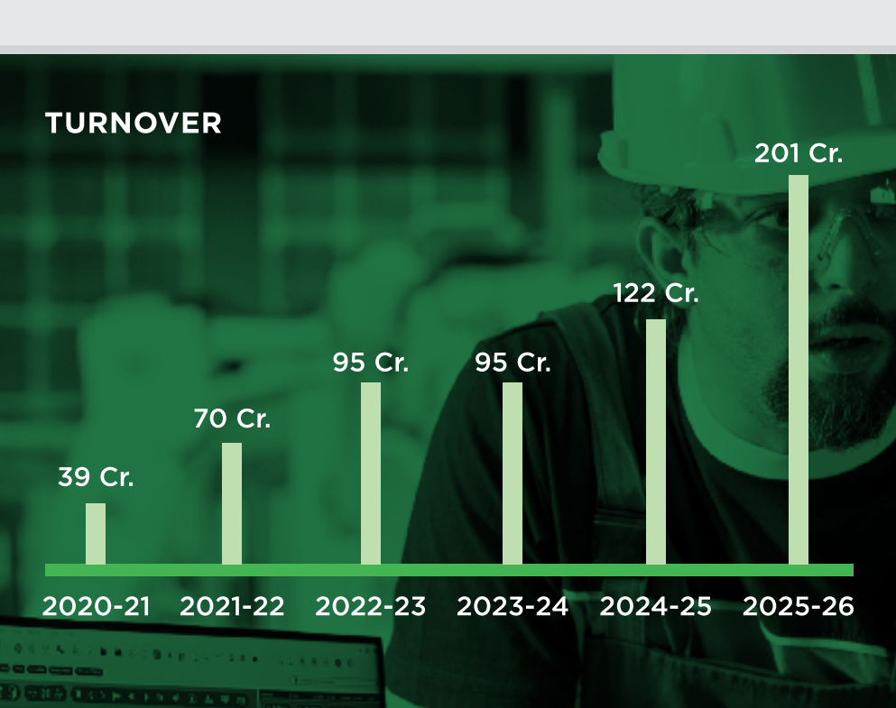
20+ YEARS OF EXCELLENCE

400+ PROJECTS DELIVERED

100% SAFETY RECORD

200+ TEAM OF EXPERTS

5+ CITIES ACROSS INDIA



Gain the competitive advantage with Omtech

- Single-point MEP ownership
- In-house CPRI approved panel manufacturing
- Value engineering & cost optimisation

Uncompromising safety & compliance

Safety is embedded in every stage of our work. We follow stringent EHS protocols, ISO standards, and a zero-accident philosophy to protect people, assets, timelines, and reputation.

Regulatory & statutory expertise

From CEIG approvals and power sanctions to inspections and documentation, Omtech manages complete statutory liaisoning, ensuring your facility is fully compliant, grid-ready, and operational on time.

Pan-India execution & rapid mobilisation

With centralised planning and robust supply chains, Omtech executes projects nationwide, ensuring timely mobilisation of manpower, materials, and equipment.

We design with foresight.

We execute with discipline.

We deliver systems that perform beyond handover.

Our MEP consulting philosophy

At Omtech, every project begins with engineering intent. Before execution, we focus on understanding operational needs, lifecycle performance, regulatory requirements, and future scalability.

Our consulting-led approach ensures MEP systems are not only compliant and cost-efficient at delivery, but reliable and adaptable throughout the life of the facility.

Our end-to-end turnkey MEP methodology

- Design & Engineering Coordination
- Procurement & Planning
- On-Site Execution
- Testing & Commissioning
- Handover & Maintenance Support
- Continuous Performance Optimisation

MEP lifecycle responsibility

Our responsibility does not end at commissioning. Omtech supports clients across the full lifecycle of MEP systems, from design validation and execution to performance optimisation and operational support. This lifecycle-led mindset reduces downtime, improves energy efficiency, and ensures sustained system reliability. For our clients, this means fewer surprises, lower long-term costs, and dependable performance year after year.

Governance, Compliance & Risk Management

Omtech operates with a strong governance framework aligned to regulatory, safety, and quality standards. From CEIG approvals to EHS compliance and ISO-aligned processes, we ensure every project is audit-ready and risk-mitigated. Our structured approach protects client interests, project timelines, and operational continuity.

Certifications & Licenses
- ISO Certifications
  (Quality Management and Safety)

Mechanical Services

- HVAC Systems
- Chillers, AHUs & VRV/VRF Systems
- Fire & Smoke Extraction
- Ventilation & Exhaust Systems
- Lifts & Escalators

Electrical Services

- Power Distribution (HT/LT Panels)
- DG Sets & UPS Systems
- Lighting & Controls
- Solar Power Systems
- Earthing & Lightning Protection
- Fire Alarm Systems

Plumbing Services

- Water Supply & Drainage
- STP & WTP Systems
- Sanitary & Sewer Systems
- Gas Piping (PNG/LPG)
- Rainwater Harvesting
- Firefighting Systems (Hydrant & Sprinkler)

ELV Systems

- Fire Alarms
- Fire Suppressor System
- Access Control
- Fire Extinguisher
- CCTV
- Fire Smoke Extraction

Networking

- Active & Passive Server with Voice & Data Cabling Setup
- AV Solutions

CSR at Omtech

At Omtech Electrical Solutions Pvt. Ltd., we believe that growth is meaningful only when it creates a positive impact beyond business. Guided by a strong sense of social responsibility, we are committed to giving back to society through initiatives that uplift communities and support environmental sustainability.

Our Focus Areas

Empowering Minds

Omtech supports education as a key driver of social development. We extend financial assistance to deserving and bright students through collaborations with various NGOs, helping them meet their educational needs and continue their academic journeys with confidence.

Champions of Tomorrow

We are committed to encouraging sports and nurturing talent among underprivileged children and young athletes. Omtech provides financial support to athletes, enabling access to training, equipment, and opportunities that foster discipline, teamwork, and sporting spirit.

Eco-Harmony & Animal Welfare

Omtech actively contributes to animal welfare by providing regular financial support to NGOs that care for and shelter stray animals. We also collaborate with environmental organisations to address broader sustainability needs and promote responsible practices across our operations and project sites.

Swachh Bharat Abhiyan

Inspired by the vision of Swachh Bharat Abhiyan, Omtech actively contributes to maintaining clean and hygienic work environments and surrounding site areas. We also engage with local communities to encourage cleanliness, awareness, and collective responsibility toward building a cleaner and healthier nation.

Animal Shelter Initiatives

Omtech actively contributes to animal welfare by providing regular financial support to NGOs that care for and shelter stray animals. We also collaborate with environmental organisations to address broader sustainability needs and promote responsible practices across our operations and project sites.

Community Hall

Omtech believes in strengthening the social fabric of communities by supporting spaces that bring people together. We contribute to the development and maintenance of community halls that serve as centres for social gatherings, educational activities, cultural events, and local initiatives.
